JAPANESE CAPTURE BRITISH STEAMER

Loaded With Coal and Bound For Vladivostok.

RUSSIAN CAVALRY DAMAGE ROAD

Japanese Repulse Czar's Men and Capture a Few Guns and Swords and Two Horses—Russians Left Nine Dead Soldiers on the Field.

Tokio, Jan. 14—The Japanese cruiser Tokwa captured in the sea of Japan Jan. 11, the British steamer Roseley Captain Robertson from Barry, Nov. 11, for Shanghai) loaded with coal consigned to Vladivostock. The Rosely is 2,833 tons net, was built at Port Glasgow in 1902, and is owned by W. R. Rea, of Belfast.

A report received yesterday at imperial military headquarters from the Japanese army headquarters in Korea says that the Japanese garrison at Hamhung recently defeated a detachment of the Ninth Siberian Cossacks near Honon. The date of the engagement is not stated. The Russian left nine men dead on the field. The spoils taken by the Japanese include two horses and a number of rifles and swords.

Tokio, Jan. 13.—3 p. m.—The Russian cavalry raiders have slightly damaged the railways between Anshantien, Hai Ching and Taishihchiao. The above dispatch evidently refers to a previous cablegram to General Oku's headquarters in the field which announced that a raid was made by the Russian cavalry who were repulsed, it is said, by Japanese guards and driven back.

It is announced here that General Stoessels in bidding farewell to the Russian troops at Port Arthur, thanked the officers and men for the heroic defense and said he considered that the Japanese terms were the best it was possible to have offered. He added that he would take all the blame for the premature surrender of the fortress.

CLAIM BREACH OF NEUTRALITY.

Russia Says She Has Proofs Against Chinese Government.

Paris, Jan. 14.—The Associated Press learns authoritatively that Russia's note addressed to the powers relative to China's breaking neutrality gives what Russia claims to be absolute proof of Chinese breaches.

The three main complaints are:

First, that the islands of Miaotat, in the straits of Pe Chi Li, opposite Port Arthur, have been constantly used by the Japanese without Japanese interference with strategetic base and a harbor for Japanese torpedo boats.

Second, that the Chinese army on the border has accepted the command of Japanese officer.

Third, that Chinese firms have been constantly working in behalf of the Chinese supplying them with provisions, military accoutrement and general war stores.

The note lengthily sets forth the facts and complains that China has not given satisfactory explanation of breaches of neutrality and that, therefore, Russia will ask the powers that she intends to use complete liberty of action in regard to future abuse of neutrality.

LOOKING FOR A SENSATION.

Interesting Developments Expected in the Irvine-Talbot Case.

Reading, Pa., Jan. 14.—Rumors of a sensation has been created by the publication of a letter of Rev. Dr. Ingram N. W. Irvine to the boards of inquiry named Bishop Tuttle to consider the presentment filed against Bishop Talbot of the diocese of Central Pennsylvania. None of the members of the board saw the letter until they read it in the newspapers.

None of the men who are charged by Dr. Irvine with being prejudiced against him would discuss his letter for publication. Their friends, however, declare the attack upon them to be entirely unjustifiable.

TO REPAIR BROOKLYN BRIDGE.

Famous Structure To Be Strengthened to Avert a Possible Disaster.

New York, Jan. 14.—Fearful lest the strain to which the Brooklyn Bridge is being subjected will weaken it to such an extent that a great catastrophe might be possible, engineers of the department of Bridges are reported to have determined that the structure must be almost completely rebuilt.

To do this it will require at least two years and meanwhile traffic between New York and Brooklyn will have to be diverted to the Williamsburg bridge, the new Manhattan bridge and to the Brooklyn subway tunnel, now in course of construction.

Four or five years may elapse before this can be accomplished as great traffic problems will have to be solved before hand.

The captain and crew were landed on the Cuban coast. Several vessels from this port have gone to try to save the cargo. Captain C. S. Wheldon, representing the underwriters of the cargo, is here awaiting reports from the wreck.

YOUNG MORMONS OPPOSE POLYGAMY

Church Does Not Restrict Political Liberties Of Members.

FEELING AGAINST PLURAL WIVES

Judges Who Had Been Active in Prosecuting Mormons for Polygamy, Received Large Votes When They Went Before People for Re-Election

Washington, Jan. 14.—J. W. N. Whitecotton, a native of Provo, Utah, resumed his interview of political affairs in Utah when the hearing opened today in the Smoot investigation.

No effort was made by the church, he said, to restrict the political liberties of the people generally, or of any individuals, but it claimed the right to receive the time and energies of men who have been elected to important church offices. The deduction he drew was that the church did not try to prevent its members from engaging in politics without the consent of the church, but that when certain members accepted important church offces, the church held a right to prevent such members from accepting other offices which would take their time. Mr. Whitecotton said he never had seen any difference in business between Mormon and Gentiles to their party affiliations.

It was shown by the witness the Gentiles had always held the most important state offices and that Gentile judges who had been active in sentencing Mormons for polygamous cohabitation received as large a vote as other candidates when they came up for re-election.

"I think the decided sentiment of the Mormon people in Utah is hostile to polygamy," said Mr. Whitecotton. "As to the sentiment in the state in regard to the prosecutions for polygamy, Mr. Whitecotton said there had been a great deal said of understanding that there should be no prosecutions, but that he had never heard of such a thing and did not believe it existed. Continuing, he said:

"But I believe the people generally don't want to stir this thing up and start it smelling again—it is not a good odor. Women went into polygamy—a delusion, probably—because they thought plural marriage a religious duty. The church prescribes that if a plural wife gets a divorce she cannot be married to another husband, and the people realize that if she is cut off by prosecutions from her only protector, she and her children are in a precarious condition. The sympathy of Gentiles and young Mormons opposed to polygamy is all for the women. I never heard of any sympathy for a male polygamist and don't believe there ever has been such sympathy for one unless perhaps he should happen to be married to three or four viragoes."

TO ESTABLISH ALL-NIGHT BANK.

Institution Will Be Strong Financially and of Great Benefit.

New York, Jan. 14.—With the acquisiton of a $900,000 site at the corner of Fifth avenue and Forty-fourth street, a district of fashionable restaurants and hotels, the directors of the first night and day bank have completed plans for opening that unique institution probably within a few months. The bank, which will be open together with its safety deposit vaults day and night will have a capital of $200,000 and surplus of $500,000.

In connection with the purchase of site for the bank it is related that the property has changed hands twice within a year, netting a profit to the sellers in that short period of $200,000.

New York, Jan. 14.—Harvey Grosvenor Forbes Curtis, a well known character comedian who two years ago married Louisa Cutter Francis, niece of the late McAllister, is dead at St. Luke's hospital from heart trouble. SEEKING FOR BURIED TRAESURE

Legends Declare that Much Gold Was Buried on Island.

San Francisco, Jan. 14.—When the city of Panama arrived here today from Punta Arenas, Costa Rica, the English steam yacht Roe Marine was in the harbor bound for Cocos island to search for the gold that legends say was buried there by ancient buccaneers.

A man named Gray is in charge of the party. His purpose in putting into Punta Arenas, it was reported was to endeavor to obtain concessions for excavations on Cocos island, the place being nuder the jurisdiction of Costa Rica.

Another steam yacht known as the Veronique and bearing Earl Fitz Williams and ten associates was at Panama when the City of Panama left there, and was also found for Cocos in search of the gold and plate of the buccaneers. No trace of the wealth was discovered. The Veronique, it is said, will soon come to San Francisco.

STRONG PLEA FOR RECIPROCITY

Eugene Foss, of Boston, Addresses Members of Canadian Club.

Toronto, Canada, Jan. 14.—Eugene Foss, of Boston, in an address to the members of the Empire Club made a strong plea for reciprocity between the United States and Canada.

Protection, he said, was not meant as a permanent trade policy for any country but rather as a temporary expedient to build up infant industries until they were in a position to meet world-wide competition. The movement was not consigned to Massachusetts nor to the Democratic party. President Roosevelt and other leaders of the Republican party. Mr. Ross declared, felt the need of cultivating closer trade relations with Canada. With this new spirit in the United States promising a more liberal view of the international relations he hoped that Canada would not adopt an attitude of provincial isolation."

SHIP STILL HARD AND FAST.

Steamer Indus Remains on Rocks. Crew Removing Her Cargo.

New York, Jan. 14.—The steamer Indus, which stuck on Fire Island bar during the fog Wednesday night, was still hard and fast aground today and at half tide this afternoon she had a bad list to starboard.

All night long the wreckers assisted by the steamer's crew, worked steadily removing the cargo of sugar in an effort to lighten her sufficiently to allow her to float at the next high tide and today practically everything movable was being taken off.

In addition to the Wolsey wrecking tug and barge which went down to the revenue cutter Mohawk was standing along side today and during the forenoon the life-saving crews from Fire Island and Point of Woods were called to the steamer by signals.

A moderate sea was running.

MURDERER DIES ON GALLOWS.

Killed a Woman Two years Ago in the Blue Grass State.

Lexington, Ky., Jan. 14.—J. W. Best, who murdered Mrs. Martha Quinn Martin two years ago, was hanged here today. At 1 o'clock the condemned man confessed that he intended to commit suicide with a knife blade which he had carried concealed in his mouth, but that he heard a sacred song sung by children near the jail, and has decided not to do so.

He said he intended to cover his head with the bed clothes pretending to the death watch that he was asleep, then open a vein and bleed to death.

Is Tobacco King Insane?

New York, Jan. 14.—Brodie L. Duke, half brother of the president of the American Tobacco company, whose recent marriage resulted in his commitment to a sanitarium was brought into the supreme court in Brooklyn today on a writ of habeas corpus and after hearing was sent to the Long Island hospital the next day. A committee appointed by Justice Gaynor is to meet to inquire into Mr. Duke's condition and make a report as to whether he is insane.

PRESIDENT'S PLANS HEARTILY ENDORSED

Commission Men Approve Proposed Railroad Laws.

WANT UNIFORM DEMURRAGE

Message is Sent To President Roosevelt Pledging Support to His Recommendation to Congress Relating to Regulation Transportation Matters.

New Orleans, Jan. 14—At its session today the national league of commission merchants sent the following dispatch to President Roosevelt:

"We, the National Association of Commission Merchants of the United States, in convention assembled, most heartily approve of the recommendation to congress relating to the regulation of railway and transportation matters as embodied in your message, and pledge ourselves to earnestly support you in your effort to secure needed legislation along these lines."

The sepcial commission to which the report on private car lines was referred recomended an appropriation of $1,000 to enable the committee on refrigerator car lines to continue its work. John C. Scales, of Chicago; George F. Mead, of Boston, and Geo. W. Bond, of Baltimore, were appointed to a special committee to go to Washington and appear before the proper committees of the house and senate in the effort to get better transportation facilities and cheaper rates than are now being charged by the private car lines and particularly the Armour lines.

George F. Tiffin, of the State Horticultural Society of Missouri, made an address to the convention promising the hearty co-operation of his society in the plans of the commission merchants. R. A. Durkee, president of the St. Paul board of trade, read a paper on reciprocal demurrage, and said the interstate commerce commission would be asek dto consider the proposition of a uniform demurrage charge.

BRYAN PRAISES ROOSEVELT.

Republicans and Democrats Cheer a Speech to Indiana Legislature.

Indianapolis, Jan. 14—Welcomed enthusiastically, William J. Bryan addressed the Indiana general assembly. The legislature is overwhelming Republican.

"I shall recommend the defeat of every Democrat who stands for renomnation if he opposes President's Roosevelt's efforts to regulate the railroads, and if he does not support the president in his battle against the railroads," declared Mr. Bryan to the cheers of both Republicans and Democrats.

Mr. Bryan said he found many things to commend in President Roosevelt since the election. Before—he provoked laughter by saying so—he did not have so much to say of him. He said he took encouragement from President Roosevelt's recommendation that the interstate commerce commission regulate railroad rates and from the proposition to have corporation contributions to campaign funds made public before the election.

Deny Reports of Massacre.

Brussels, Jan. 14.—State authorities deny the reports circulated Wednesday by the Taghliche Rundschau of Berlin, of the massacre of whites and Catholic missionaries in the upper branches of the Congon river. They suggest that the rumors arose from troubles in the neighborhood of Luebo, where missionaries and traders were threatened as a result of the discontent among the natives.

Fails to End Strike.

Fall River, Mass., Jan. 14.—The conference between Herbert P. Drake, representing Governor Douglas, Mayor Coughlin and the secretaries of the cotton mills operatives' unions with reference to a possible settlement of the long-continued strike here, this afternoon was without result. The manufacturers were not represented at the meeting the efforts of Governor Douglas prove futile.

CHAS. L. FILDES WILL TAKE PLATFORM

Noted Jacksonville Lawyer Will Lecture on Florida Politician.

HE IS WELL KNOWN HERE

Where He Resided for Many Years. Col. Fildes Makes Public Announcement That He Will Soon Take Platform for Benefit of the Poor.

The Florida Sun of the 13th inst. announces that Hon. Chas. L. Fildes, for many years a resident of this city, will take the lecture platform, delivering an address upon the Florida Politician. There is perhaps no person in Florida better qualified to handle this subject, since Col. Fildes has "been there himself," and can speak from personal experience. He is a good orator and a pleasing speaker, and his efforts will no doubt meet with approval.

The Sun in part says:

Colonel Fildes has prepared a lecture on The Florida Politician, and all who know the Jacksonville lawyer's ability for ready and brilliant platform speech will be anxious upon this announcement to hear his delivery on the breed of politician peculiar to Florida.

When Colonel Fildes was seen in regard to the rumor that he intended taking the platform shortly, he verified the report, saying:

"It is a fact that I have prepared such a lecture and that I propose delivering it at several places in Florida at an early date."

Continuing, Colonel Fildes said: "Of course, the lecture will be copyrighted before delivery. Otherwise, it would become public property after my first appearance with it. My purpose in writing it out in full was to get an accurate idea of its compass. It embraces something over 18,000 words, which will furnish fuel for a harangue of at least two hours' length. These reasons alone impelled me to reduce it to writing. It is the first speech, with two exceptions, that I have ever written. I prefer to speak as the spirit moves me."

"What will be the object of your lecture?" asked the scribe.

"The main object will be the raising of money for the poor, and I expect, of course, to be a large beneficiary."

"Well, since you won't allow me to print extracts from your lecture, would you object to giving a general outline?"

"I could not give an outline of the lecture within the scope of an interview, but I will let you see a few of the topics that the lecture will embrace," and with this observation Mr. Fildes handed the reporter a slip containing some of the sub-headings that he will discuss. They are as follows:

God Made the World—Politicians Were Evolved.

What is a Politician and Who Are the Politicians?

Choosing a Vocation for the Boy.

The Locomotive Engine, the Highland Gopher and the Boy.

The Corollary of the Florida Razorback, the Florida Cracker, the Florida Lawyer and the Florida Politician.

The Grasshopper, the Turkey Gobbler and the Sweet Potato.

The Eagle and the Crow.

The Monkey and the Organgrinder.

The Devil and His Galls.

The Defeated Candidate.

The Pedigree of Man and Dog.

The Candidate's Autobiography.

The "Yaller" Dog Democrat.

"The complete and perfect lecture, in my opinion," continued Mr. Fildes, "ought to contain sentiment, logic and humor skilfully blended. Humor is of course a debatable quantity as well as quality, and fun is as you take it, for when you laugh the world laughs with you, and likewise, sentiment is as varied as the lines of the rainbow and equally as short lived and fleeting. But logic is regarded as an almost tangible science fraught with reason and smacks of ponderosity. Therefore, the doctor who wrote the prescription for my lecture did not include therein much logic—only the barest trace—and was also careful to prescribe sentiment and humor in homeopathic quantities."

"I promise not to laugh at my own joke," seriously declared Mr. Fildes, "if in the course of my lecture I should thoughtlessly relate one. Another pleasing assurance will be that I will always arrange with a few friends to look after the applause. The audience will therefore be relieved of this unpleasant feature. Of course, I do not expect anybody to be pleased with the lecture? If they were there would be no room for kicks, and if there were no kicks interest would lag and failure follow."

"Where do you expect to deliver the lecture the first time?"

"I have been invited," said Mr. Fildes, "by friends at Gainesville, Ocala, Tallahassee and Key West to give their towns the first night, but as to this I have not yet determined. But I will make a date and pull it off at some of these places within the next few weeks."

A RARE TREAT.

A Realistic Presentation of the Russo-Jap War at Auditorium.

Friday night, January 20th, Mr. Charles Hammond Frye, the popular lecturer on Oriental subjects, will present many features of the Russo-Japanese war in a most realistic manner at the High School Auditorium under the auspices of the high school. Mr. Frye uses a powerful stereopticon, with a 1,200 candle power light, for showing many of the battles and actual war scenes, taken by artists on the spot, and intersperses many moving picture features. Illustrated songs and many humorous features enliven the program.

The press and people speak in the highest terms of the entertainment.

The Columbus (Ga.) Enquirer-Sun says: "The many actual war scenes, which were shown and explained in an exceedingly interesting manner by Mr. Frye, were received with real appreciation. Judging from the repeated encores, the entertainment was thoroughly enjoyed by the large audience."

"Not a dull feature from beginning to end," "Surpassing any attraction on last season's lyceum course." "The best of its kind I have ever seen." "We hope for an early return," and many similar expressions come from press and people.

A liberal percentage of the proceeds will go for the benefit of the high school.

May Use Italian Labor.

Augusta, Ga., Jan. 14.—It is an unsettled problem of whether or not the Augusta contractors will make any effort to replace the negro labor with imported labor, most of which would be Italians. The local firm of J. H. McKenzie's Sons has had the matter under consideration, because of the fact that they have been having more or less trouble during the past nine months getting the necessary number of negro laborers and keeping them at work after they had been recured, and for a time they were under the impression that it would be well for them to try the imported labor, with a view to using Italians and other foreigners entirely.

Mr. Wm. S. Crane of California, Md., suffered for years from rheumatism and lumbago. He was finally advised to try Chamberlain's Pain Balm, which he did and it effected a complete cure. This liniment is for sale by all druggists.

Judge J. A. Carlisle, D. A. Robertson and others, enjoyed a fine fish chowder at the market of E. A. Davies Friday. The chowder was prepared by Judge Carlisle in his own original style, and it is unnecessary to add was one of the finest. As a chowder maker the genial Judge enjoys a reputation second to none, and his chowders are always anticipated with great relish.

Among the visitors to this city are Mr. Mrs. J. B. Lloyd of Lebannon, Indiana, who are here for the winter. These estimable people are regular winter visitors to Gainesville, Mr. Lloyd owning considerable country property a short distance west of Gainesville. They always anticipate with pleasure their arrival here, and are always greeted with cordiality by the numerous friends.

There are nine large cotton mills, employing about 6,000 hands, with the result that large amounts are paid out weekly. This class of labor is fairly well paid and generous spenders, and the merchants of Anderson are reaping a big benefit.

Are Pleased With Gainesville.

George F. Griffins and family of Kirkwood, N. J., who arrived in this city about six weeks ago and are occupying the Pitts house on West McCormick street, announce that they are well pleased with Gainesville and its people, and expect to become permanent residents here.

Mr. Griffins, who is a refined gentleman, made The Sun an appreciated call Saturday for the purpose of paying his subscription. He stated that when he arrived his health was none too good, but the change has proved beneficial, and he feels greatly benefited. "There is nothing on earth like this climate for a fellow who don't feel good," was the good-natured remark, "and I want to say now that me and my folks are going to remain here and be 'Crackers'—and we will make good ones, too."

The Sun is glad to learn that this balmy and health-giving climate is proving beneficial to Mr. Griffins, and also to learn that himself and family expect to remain here. If he makes as clever "Cracker" as he is a clever gentleman, in his own words, "he will make a good one" sure enough.

Mr. Griffins' family comprises himself, wife and two children.

The Simonton's Entertainment.

One of the most pleasant social functions transpiring in Micanopy for some time was the tea tendered by Mr. and Mrs. J. B. Simonton, complimentary to friends, Friday evening.

There were present on this occasion, Mr. and Mrs. C. M. Gordon, Mr. and Mrs. J. P. Hester, Mr. and Mrs. J. W. Smith, Mr. and Mrs. J. H. Prator and Miss Sue Smith.

The occasion was more enjoyable for its informality. While the room was tastily decorated and the table neatly arranged, there was a home-likeness which made everybody feel easy, and altogether the affair was one which will long be remembered by those who were fortunate enough to be the guests of Mr. and Mrs. Simonton upon this occasion.

PRESIDENT ROGERS RETURNS.

Has Been in Attendance at Baptist State Convention in Jacksonville.

Rev. S. B. Rogers of the First Baptist Church, president of the Florida State Baptist Convention, returned to this city Saturday from Jacksonville, where he has been in attendance at a three days' session of the convention. Mr. Rogers states that this session was one of the most profitable, enjoyable and impressive sessions the association has ever held. It was the fiftieth anniversary, and semi-centennial services were held.

The association raised this year more than $50,000, which will be used for general purposes, including orphanage, schools and mission work.

The following officers were elected at this meeting for the ensuing year:

President, S. B. Rogers, Gainesville; first vice-president, C. A. Carson of Kissimmee; second vice-president, G. T. Leitner of Leesburg; secretary, E. H. Reynolds of Jacksonville; assistant secretary, F. C. Edwards of Ocala.

Among the most important business transacted was the placing of The Florida Baptist Witness, the official organ of the church in this State, in the hands of a publishing board, comprising Prof. A. A. Murphy of Tallahassee, E. B. Tatum of Miami and E. O. Painter of Jacksonville. The Witness will continue to be published from Orlando.

After a most interesting session the convention adjourned to meet in Bartow in January of the next year.

A Fine Showing.

Attention is directed to the statement of the condition of the First National Bank of Gainesville, which appears elsewhere in this issue. This report is most encouraging, showing an aggregate of nearly half a million dollars, making it one of the strongest financial institutions in the State.

The First National Bank is managed by a corps of conservative, careful, but accommodating officers, which accounts for its wonderful success. The public has manifested a great confidence in the institution, with the result that its business is growing more extensive each month. The statement shows an increase of more than $2,000 over the report of sixty days ago.

Rev. Carlisle P. B. Martin, L. L. D.,

Of Waverley, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." 25, 50c and $1.00. Sold by W. M. Johnson.

Arrested for Trespassing.

Deputy Sheriff J. H. Granger arrested Saturday at Rocky Point James Gregg, colored, upon a charge of trespassing, the charge being preferred by T. E. McDonald.

Gregg was brought to this city and arraigned before Judge Mason, but by mutual agreement the case was postponed until Wednesday and the defendant was released under a bond of one hundred.

Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former soldiers." 25c, 50c and $1. Sold by W. M. Johnson.

Death of Major Burleith.

Information has been received in this city of the death of Major Robert S. Burleith, which occurred at his old home near Winchester, Va., on Sunday last. The deceased was well known in this city, having visited here for several years. His numerous friends will learn of his demise with deep regret, as he was a gentleman of culture and refinement, and of a most amiable disposition.

A DISTINGUISHED PARTY.

Prominent Atlantians Will Arrive Today for Hunt at Kanapaha.

A distinguished party from Atlanta, Ga., is expected here today, and will enjoy a hunt at Kanapaha for the next four or five days. The party will be the guests of Evans Haile and Sheriff L. W. Fennell, and will arrive in a private car via the Seaboard Air Line.

The party will comprise Major Huger, general superintendent of the Seaboard, Dr. J. B. S. Holmes, Hon. W. P. Hill, city attorney of the city of Atlanta, and other prominent citizens of the Georgia Capital. The party will proceed at once to Kanapaha, where they will be comfortably quartered at the magnificent country home of Col. Haile.

The party is coming for "business," bringing sixty full-blooded registered hounds for hunting purposes. These animals are all registered or from registered stock, and are said to be very fine.

Elaborate preparations have been made for entertaining this distinguished party, and it is needless to add that the hunt will be one of interest and excitement, as Sheriff Fennell is said to be the most expert fox hunter in the State.

Imperfect Indigestion

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by W. M. Johnson.

A Prominent Party.

Among the prominent recent arrivals in the city are H. Herzog, Sr., of Philadelphia, father of Dr. H. Herzog of this city, Mr. and Mrs. C. H. Bealle, John A. Batton and Isaac A. Batton of Uniontown, Pa., regular winter visitors.

The gentlemen are sportsmen "of the true blood," and come every year to enjoy the hunting and fishing afforded in this section. They are accustomed to take a camp, where for a few weeks they enjoy all there is in a sportman's life. This is a jolly aggregation, and it goes without saying that their visit this season will be one full of pleasure.

Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At all druggists. 25c, guaranteed.

A Midnight Robbery.

About midnight of Friday some person entered the home of J. B. Mixson, Southeast Gainesville, and relieved the family of a syrup pitcher, an overcoat, a cloak and a quantity of groceries. Mr. Mixson reported the matter to the police, but so far no clue has been found.

The United States has 139,817 Sunday schools, or more than half the number of the entire world.

Since the door was opened in 1776 we have had 22,156,654 immigrants and still it is America for the Americans.

The mail order business in Chicago increased 15 to 20 per cent last year. The salre amounted to $65,000,000.

Since the outbreak of the war, cable messages to the amount of about $250,000 have been sent from Japan every month.

The earth has 1,487,900,000 inhabitants, or 297,580,000 families. Its permanent load of war debts is $1,000 for every family.

The Turkish government has refused the request of the United States and Great Britain to permit the sale of Bibles in the streets of Turkish cities.

When the bereaved widow asks her gentleman friends to sit in the parlor and smoke cigars, it is evidence that she has begun to "sit up and take notice."

A Michigan woman admits that she had to feed her husband arsenic for two weeks before she could get him killed. He must have been brought up on adulterated foods.

The total coal production of the United States is now at the rate of 1,000,000 tons a day, and the consumption of coal by railroads is equal to 40 per cent of this, or 400,000 tons a day.

A prominent educator says cheap shoes are destroying the beauty of the American women. Shoo! Down with the man who can't see that American women are becoming more beautiful all the time.

Out of two thousand visitors accommodated at Meldland Hall, London, with free bed and board, one thousand were Americans. The United States is getting even on her pauper immigrant proposition.

A noted astronomer of Chicago says that within a hundred years communications will be established between the earth and the planet Mars. It also might be added that the coal trust is looking forward to this event with a view of securing a corner on the coal production of Mars by wire, even if they have to wait a hundred years before they can mine it.

Trying to give an idea of the size of a molecule, Dr. W. Marshall Watts says that if a drop of water were enlarged to the dimensions of the earth its molecules would look like a heap of 9,550,000,000,000,000,000,000,000 tennis balls. If all scientific facts can only be reduced to sporting terms this way, the general understanding of the wonders of nature will be increased.

CITY AND COUNTRY.

Among the remarks attributed to John D. Rockefeller in a report of a reception given by him to the Young Men's Bible Class, is this: "It will not be long before our city will be as large as London, but I am very sorry to see this tendency of crowding into the city. It seems to me that as the cities grow larger, the country in general becomes weaker. The strength of the country is in the farms and the farmers."

It is quite probable that Mr. Rockefeller made this statement, for it is a true statement, and presents a situation which has impressed other minds besides that of our great capitalist. One of the foremost public men in this country only a few weeeks ago commented upon this condition in much the same way as Mr. Rockefeller has done. Not only is the population of the cities increasing more rapidly than that of the country districts, but all business is concentrating more and more into the municipalities. An article in a leading magazine of this month describes in detail the passing of the country store. It shows how immense mercantile concerns centered in the cities are sending out their catalogues and supplying retail purchasers in all parts of the country at prices which make it difficult for the country merchants to compete. Not only is this going on, but small mercantile and manufacturing concerns in country towns are gradually being absorbed by big corporations whose headquarters are in the cities so that the profits of business which were formerly expended in the towns and country places are now concentrated to a greater extent than ever before in the big cities. This process is likely to go to still further lengths, and it would only require a system of branch banks to make the country bank as an independent concern, a thing of the past, just as the country store is becoming.

It is not easy to determine what is the remedy for this condition. It may be a long time, however, before it will reach a point where it really becomes dangerous to the strength of the nation. Possibly there is a point beyond which the concentration in the cities cannot go, and when it reaches that point, a reaction may set in. In some such reaction is to be found the best hope for the future. In this connection it is important to note that along with this steady concentration of population and business in the cities, there is going on also a growth of country homes. That is to say, people of means living in the cities, and having their chief interests there, have taken more and more to erecting handsome residences in the country and living there during a considerable part of the year. There has also been steady progress in the improvement of country roads, and the development of the bicycle, automobile and the trolley are doing much to bring the country and the city into closer touch. Perhaps in these developments are to be found the "saving clause" in the situation. It is certain that in the prosperity of the farmers and the small trades people of the country is the best guarantee for the permanence and liberty of the nation.

Edward Bellamy said "nothing can overcome the young giant of private monopoly, except the greater giant of public monopoly." He expressed a world of truth in that brief sentence. It is the one way out of the clutches of the trusts. Modern conditions of business compel combination and concentration. Fighting the trusts thus far has been productive of no good to the people. The big monopolies laugh at the puny efforts made to check their robberies. The trouble with the people is not so much that there are trusts, as that the people are not in them. Let the nation own the trusts.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O.

Take Hall's Family Pills for constipation.

We find in nearly every village plenty of business men who are willing to invest in all sorts of outside speculations. They will take a throw at far-away mining ventures and stock speculations. Promoters find it easy to interest them in most any kind of a speculation that figures out a profit on paper. Yet these same business men will refuse to invest more than $50, $100 or possibly $200 yearly in printers' ink. Many of them never spend a dollar in advertising, yet they should realize that there is no way in which they might invest money to yield a greater profit and no way more certain to make money than to invest it in newspaper space and other plans of legitimate publicity wherein printers' ink is employed.

Somebody who wants to explain what the editorial "we" signifies says its meaning varies to suit the circumstances. For instance, when you read that "we expect our wife home today," we refer to the editor-in-chief; when it's "we are a little too late with our work," it includes the whole office, even the devil and towel. If "we are having a boom," the town is meant; "we received over 700,000 immigrants last year," and it embraces the nation, but "we have hog cholera in our midst" only refers to the illness of the man who takes the paper two or three years without paying for it.—Ex.

First cabin rates to Europe are to be made ten dollars higher. That, however, will not be serious. The important thing is to have money enough to get back here after one has reached Europe.

Former Atlantan Jailed.

Washington, D. C., Jan. 14.—Just as he was starting for Atlanta, which he call home, Emmett Gully, was arrested here on the double charge of deserting from the army, and of robing Captain Guinard, an officer stationed at Fort Washington, of $200. Gully claims to have moved to Atlanta from Goldsboro, N. C., some time ago. He enlisted there and has recently been stationed out at Fort Washington, where he was Captain Guinard's striker. The sight of $200 in a single roll was too much for him. He admits he took the money.

A NEW SYSTEM ON THE G. & G.

Improved Felt Car System to Take Place of Refrigerators.

FIRST TRAIN NEXT THURSDAY

It Will Run Direct to New York—Promises to Deliver Freight to Destination On the Fourth Day from this Section.

The Gainesville and Gulf railway will, beginning Thursday of the coming week, begin a new system of transportation which is destined to prove of great benefit and advantage to the shippers in the matter of freight rates.

This system is what is known as the felt system, the cars, constructed especially with this view, being double-lined with felt. No ice will be used, as the inventor of the system claims that the felt will make refrigeration unnecessary.

The Gainesville and Gulf will use the system as an experiment, although it has been demonstrated perfectly practical. The service will be inaugurated on Mondays and Thursdays. It will be a straight schedule to New York, and will be operated over the Gainesville and Gulf, Georgia Southern and Florida, Southern, and Pennsylvenia railways, and the management guarantees to deliver freight in New York by this system on the fourth day from Fairfield and all points north on the line of the Gainesville and Gulf. This will be only twelve hours behind express time, and the products are guaranteed to be in better preservation en route.

"We are going to make a go of this service if the growers will stand by us," remarked J. D. Watkins of the Gainesville and Gulf. "We believe the system is all right, and propose to give the growers along the Gainesville and Gulf the benefit of a fine service at reasonable rates if they will patronize the service."

The system will prove a great saving to the growers, inasmuch as the rate from all points on the Gainesville and Gulf to New York will be fifty-three cents, against the present rate of seventy-eight cents. This will be a saving of twenty-five cents a package on all shipments.

The first train will leave Fairfield next Thursday, and many growers have already promised good consignments. If the system proves successful it will mean a great thing for the truckers of Florida.

AMONG GOD'S PEOPLE.

Interesting Services at Churches Today—Two Sermons by Dr. Jones.

Gainesville church-goers will have the pleasant privilege of hearing two excellent sermons today by Rev. J. William Jones of Virginia, the famous lecturer and preacher, formerly chaplain of the Confederate army on the staff of General Robert E. Lee.

Dr. Jones is a magnificent Christian gentleman, and is traveling through the South lecturing for the benefit of Battle Abbey. He delivered a lecture on "The Boys in Gray" at the opera house Friday evening, which was well attended and greatly enjoyed.

At the Baptist Church this morning, beginning at 10:45, Dr. Jones will deliver an impressive sermon, the subject of which cannot be announced, as he will not arrive until the morning train from Lake City. There will be Sunday school at the Baptist church at 9:30 o'clock; meeting of Sunbeams at 2 o'clock, and Baptist Young Peoples' Union at 3 o'clock this afternoon. No evening service. The congregation is invited to hear Dr. Jones at the Presbyterian church.

Kavanaugh Methodist Church, Rev. T. J. Nixon—Sunday school at 9:30 a. m., H. D. Phifer superintendent; preaching at 10:30 a. m. Subject, "Fishers of Men." Junior League meets at 2:30 p. m. and Senior League at 3:30. Preaching at 7:15. Subject, "What Shall I Do With Jesus?" Mr. Nixon, the newly arrived minister, is a fluent and interesting speaker, and those who have heard him are well pleased with his work. He is rapidly becoming acquainted not only with his congregation but with all of the people, and it is clear that he will become popular as a minister and a citizen here.

First Presbyterian Church, Rev. Thos. P. Hay—Morning service at 10:30 conducted by the pastor. Sabbath school at 3 o'clock; meeting of Westminster League at 6:15. At 7 o'clock Rev. Dr. Jones will deliver a sermon on the subject, "Christian Character of Stonewall Jackson." The public is especially invited to this service.

At Holy Trinity Episcopal, Advent and St. Patrick's Catholic churches services will be held at the usual hours.

A cordial invitation is extended to all places of worship. Strangers will be welcomed. Seats free.

Mrs. Rogers To Be Hanged.

Rutland, Vt., Jan. 14.—Governor Charles J. Bell, of Walden, who has for weeks been urged by hundreds of persons all over the country both to commute the death sentence of Mrs. Mary Rogers and not to commute it, and to whom petitions on the matter have been sent by the score, has now given his final decision. He says he sees no reason to interfere with the sentence.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use.

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

THE NEWS FROM MELROSE.

Melrose, January 14.—The first regular meeting of the Ladies' Literary Society held on Tuesday was a very enjoyable affair, about twenty-five being present. The paper read by Mrs. H. Tolles at their regular meeting yesterday was on the "Surrender of Yorktown."

The site of Yearwood & McDonald's saw mill has been changed. It will now be located near Earleton, about five miles west of Melrose.

At the regular monthly meeting of the town council the ballots were canvassed and the new members sworn in—no other business being transacted.

Mr. and Mrs. H. Shooter of Earleton were the guests of Mrs. J. H. Johnson during the week.

Hereafter the steamer Alert will run Tuesdays Thursdays and Saturdays only, unless specially chartered.

W. W. Colson, tax assessor for Alachua county, will be in town January 27th.

At the meeting of the Ladies' Aid Society held January 10th, Miss L. Jackson was elected president, Mrs. Sistrunk, vice-president, Mrs. A. W. Craig, secretary and Miss Aycock, treasurer.

Do Not Suppress a Cough.

When you have a cough do not try to suppress it, but remove the cause. The cough is only a symptom of some disease, and that disease is what you should cure, then the cough will stop of itself. The most common cause of coughing is a cold. Anodynes will promptly suppress the cough, and preparations containing chloroform, opium, etc., are used for that purpose, but they do not cure the cold. Chamberlain's Cough Remedy on the other hand does not suppress the cough, but relieves it by removing from the throat and lungs the mucus which obstructed the breathing and allaying the irritation and tickling in the throat. It also opens the secretions and effectually and permanently cures the cold as well as the cough. For sale by all druggists.

LIFE JOB FOR TALKING.

Man Confessed to Crime Committed Fourteen Years Ago.

Mobile, Ala., Jan. 14.—Henry Rogers, alias Frank Thomas, was convicted in the United States court today of holding up and robing a mail carrier and sentenced to the penitentiary for life.

The crime was committed 14 years ago, between Evergreen and Turnbull, Conecuh county, Alabama.

Rogers made his escape into Texas, where he was a fugitive for many years, and he was recently found in the Atlanta penitentiary, serving a term of 7 years under the name of Frank Thomas, by a state officer, by whom he was wanted to answer a state charge at Evergreen.

When being taken to Evergreen, he confessed that he had robbed Mail Carrier Reuben McCreary 14 years ago.

JURY OUT SIXTEEN MINUTES.

Return a Verdict of Guilty and Negro Must Hang for Crime.

Lexington, Ky., Jan. 14.—After a deliberation of only 16 minutes, the jury in the case of the commonwealth vs. J. Garfield Smith, negro, charged with the murder of William Moore, found the defendant guilty, fixed his punishment at death.

This is the second death penalty imposed for this killing, as Ed Taylor, also a negro, charged with the same offense, found guilty only two weeks ago, and sentenced to be hanged.

John Taylor, another negro, has yet to be tried on the same charge, and his case will be called today.

The defendants entered the saloon of George Liugart in this city on the night of Sunday, Nov. 20, last, when they started to clean out the place and shot and killed William Moore.

INVESTIGATING CAMPAIGN FUND

Receipts and Expenditures Being Examined by Missouri's Legislature.

St. Louis, Jan. 14—The senate and house committees of the legislature appointed to investigate the statement of the campaign receipts and expenditures filed by Chairman T. K. Neidringhaus, of the Republican state committee and Republican caucus nominee for United States senator met separately today.

The hearings are open to the public.

The closest investigation was directed to the charge contained in the resolution of Representative Grace, of the fourth St. Louis district that the $21,000 reported by Chairman Neidringhaus in his own name was contributed by the brewery interests of St. Louis.

Slays Sleeping Wife.

Charlotte, N. C., Jan. 14.—Jorn Gregory, a white cotton mill operative at Wadesboro, Tuesday night about 10:30 o'clock shot and killed his wife, while she was sleeping beside their 10-year-old son. The boy did not awake. After killing his wife Gregory walked 4 miles to the residence of his brother, whom he awoke by firing his revolver. Gregory asked his brother to shoot him, but the latter took him to jail. The man is regarded as insane. He declared that he does not know why he committed the crime, which he readily admits, and tells all about how he pulled up the cover and shot so as not to make a noise.

Slayer Granted Bail.

Montgomery, Ala., Jan. 14.—Dan Stallings, the slayer of his brother-in-law, Radford Buchaults, at Greenville, will remain out on a $3,000 bail. This was decided by the supreme court Thursday in affirming the decision of Chancellor W. L. Parks, who heard habeas corpus prooceedings at Montgomery several weeks ago and allowed the defendant bail. Dan Stallings is a close relative of ex-Congressman Jesse F. Stallings.

Silent Japanese Women.

Japan has its communities of silent female recluses. There is a convent at a place called Yunakawn, about seven miles from Hakodate. A matron of some fifty years presides, and her instructions are implicitly obeyed. The women are all young, ranging from sixteen to twenty-seven, and some of them are described as very beautiful. The building stands in a farm of some 250 acres, but the women do not engage in any agricultural work. They spend most of their time indoors, and they observe a strict rule of silence.

Lost on a Foul.

"Have you a taste for music?" asked Miss Chilbeen of Boston.

"I don't know," replied the millionaire mine owner's daughter from Leadpipe Gulch. "I never tasted any, but I like to hear it played."

That ended it, for Miss Chilbeen was down and out for twenty minutes, though she afterward claimed that she bet on a foul.—Cincinnati Commercial Tribune.

Vocation and Avocation.

"Which pays you the better?"

Plain Everyday Fellow.

"I am really and sincerely proud of the common people," said Mr. Pompus. "I am fond of the plain everyday fellow who can never hope to be great. Call it quixotism, if you wish"—

"Oh, I wouldn't say that," interrupted Pepprey. "I'd call it egotism."—Philadelphia Press.

ALPINE GUIDES.

The Trouble They Sometimes Have With Reckless Climbers.

The Alpine guide frequently risks his health, strength, even his life, for persons who may have been themselves the cause of the peril encountered. The qualities of a first class guide, says the author of "Adventures on the Roof of the World," include not only skill in climbing, but the ability to form sound conclusions in moments of danger. A certain climber tells an anecdote which bears on the importance of the guide's powers of judgment.

A member of the Alpine club was ascending a peak in company with an Oberland guide. Part of their course lay over a snow field which sank gradually on one side, sharply ended by a precipice on the other. The two were walking along not far from the edge of this precipice when the Englishman, thinking that an easier path might be made by going still nearer the edge, diverged a little from his companion's track. To his surprise, the guide immediately caught hold of him and pulled him back with more vigor than ceremony, well nigh throwing him down in the operation. Wrathful and not disinclined to return the compliment, the Englishman remonstrated. The guide's only answer was to point to a small crack, apparently like scores of other cracks in the neve, which ran for some distance parallel to the edge of the precipice.

The traveler was not satisfied, but he was too wise a man to argue while a desired summit was still some distance above him. On the descent when the scene of the morning's incident was reached the guide pointed to the crack, which had grown perceptibly wider.

"This marks," he said, "the place where the true snow field ends. I feel certain that the ice from here to the edge is nothing but an unsupported cornice hanging over the tremendous precipice below. It might possibly have borne your weight, though I don't think it would." Thereupon he struck the neve on the farther side of the ice sharply with his ax. A huge mass immediately broke away and went roaring down the cliff.

The traveler was full of amazement and admiration and thought how there, on an easy mountain and in smiling weather, he had been very near to making himself into an avalanche.

SYMPATHY.

Sympathy is food to a starving heart.

Sympathy is two hearts pulling at one load.

Sympathy is the staff on which trouble leans.

Sympathy is the cream that rises on the milk of human kindness.

Sympathy in sorrow's hour is like the gentle rain to drooping flowers.

Sympathy is the least the rich may give, the most the poor can offer.

Sympathy is the blossom grown from the costly bulb called personal suffering.

Sympathy is a well toned instrument that readily responds to notes of weal or woe.

Sympathy is the most powerful human magnet for attracting and holding friendship.

Sympathy is perfect forgetfulness of oneself in true feeling for the unhappiness of others.

Sympathy is love's healing balm spread by pity's tender hand on sorrow's heart wound.

Artificial Beauty In Rome.

Personal artifice is at least as old as the Roman empire, for, speaking of the artificial beauty of a coquette, Martial says: "Gellu, you are but a composition of falsehood. While you were living at Rome your hair was growing on the banks of the Rhine. At night when you lay aside your silken robes you lay aside your teeth also. Two-thirds of your person are locked up in boxes for the night. The eyebrows with which you make such insinuating motions are the work of your slaves. Thus no man can say, 'I love you,' for you are not what he loves, and no one loves what you are."

A Lord Sold Into Slavery.

Charles Reade found the hero of his novel, "The Wandering Heir," in the person of Lord Altham of Ireland, who was sold as a "redemptioner" at Philadelphia in 1728 and who served for twelve years in effect as a slave to one or more masters in Lancaster county, Pa. The young nobleman was recognized by two Irishmen who came by accident to the house where he lived, and Admiral Vernon afterward took him back to Ireland. Reade laid the scene of Lord Altham's servitude in northern Delaware, but it is pretty well established that this was an error.

Love.

George—Are you quite sure that you really love me? Bessie—Oh, yes; certain of it. I never knew any one that could make me so furiously angry at times!—Exchange.

Ripley, Tenn., June 1, 1901.

Dr. E. W. Hall, St. Louis Mo.—Dear Sir: Having tried various remedies without satisfactory results, I was persuaded to give your "Texas Wonder" a trial. I have used one bottle, and although my case is one of long standing that baffled the skill of the best physician, yet it yielded at once to "The Texas Wonder," which I heartily recommend to all suffering from kidney and bladder troubles.

Yours truly,
W. H. BRUTON,
Pastor Baptist Church, Ripley, Tenn.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.
